

AIR FLUX DUSTY 1020AF DUST EXTRACTOR - 230V 1HP

€289,25 (excl. VAT)

The Dusty 1020AF dust extractor has a fibre filter bag at the top that stops fine dust particles. Optionally there is also a Canister filter cartridge available that further purifies the air up to 0.5µm. This dust extractor is equipped with a 1 HP induction motor with an aluminium protection cap and delivers an airflow of 1020m³/hour. Thanks to the wheeled base, the vacuum can easily be used throughout the entire workshop.

The turbine is equipped with a steel propeller and has a steel exhaust (1x100mm). The Dusty 1020AF dust extractor is equipped with a quick-release system to quickly and easily swap the dust collector bags.
