

AIR FLUX DUSTY 3000AF DUST EXTRACTOR - 400V 2HP

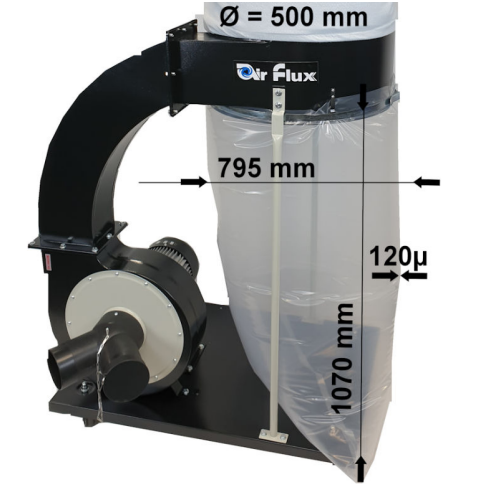

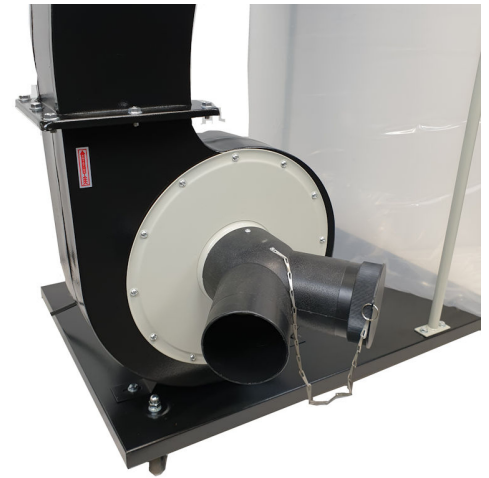

€483,47 (excl. VAT)

The Dusty 3000AF dust extractor has a fibre filter bag at the top that stops fine dust particles. Optionally there is also a Canister filter cartridge available that further purifies the air up to 0.5µm. This dust collector is equipped with a 2 HP induction motor with alu protection cap delivering an air flow of 2550m³/hour. Thanks to the wheeled base, the vacuum can easily be used throughout the entire workshop.

The turbine is equipped with a steel propeller and has a steel exhaust (1x125mm) with a reduction in PVC to 2x100mm. The Dusty 3000AF dust extractor is standard equipped with a quick-clip system to quickly and easily change the waste bags.

SKU: AIR-11051

GALERIJAFBEELDINGEN

The Dusty 3000AF dust extractor has a fibre filter bag at the top that stops fine dust particles. Optionally there is also a Canister filter cartridge available that further purifies the air up to $0.5\mu\text{m}$. This dust collector is equipped with a 2 HP induction motor with alu protection cap delivering an air flow of $2550\text{m}^3/\text{hour}$. Thanks to the wheeled base, the vacuum can easily be used throughout the entire workshop.
