

AIR FLUX DUSTY 3800RDC-AF DUST EXTRACTOR - 400V 5PK

€987,60 (excl. VAT)

The Airflux Dusty 3800RDC-AF is a compact dust extractor with strong air flow, high capacity and low noise. Thanks to these qualities the Dusty AF-5000-3 is ideally suited to be used in small workshops. The powerful, 5HP motor guarantees a constant air flow, even after prolonged time of use. The patented, curved blade impeller further heightens the air flow capacity.

The most unique feature for this dust extractor is the reversible motor base, allowing for the hoses to be connected coming from the top or the bottom. The Dusty AF-3800RDC dust collector is also equipped with a bag hook system allowing a single person to quickly, and easily swap the waste bag.

SKU: AIR-11080
