

AIR FLUX DUSTY AF-2200P DUST EXTRACTOR - 230V 3HP

€739,66 (excl. VAT)

The Airflux Dusty AF-2200P was specifically developed to be placed underneath the extension tables of panel saws. Thanks to the limited height of only 750mm and compact design, this dust extractor can be used in a wide range of situations. The dust extractor comes equipped with a PVC waste bag and a fibre filter bag, designed to stop fine dust particles at a high rate. The Dusty AF-2200P dust extractor has a 3HP induction motor, capable of delivering an air flow of 2200m³/hour.

Thanks to the wheeled base, the vacuum can easily be used throughout the entire workshop. The Dusty AF-2200P dust extractor is equipped with a quick-release system to easily and quickly swap waste bags.
