

AIR FLUX DUSTY AF-950WM DUST EXTRACTOR - 230 V 1 HP

€326,44 (excl. VAT)

The Dusty AF-950WM wall-mounted dust collector is perfect for small shops that have limited floor space. The canister filter with residual bag filters all dust down to a size of 1 micron, so you maintain a clean workplace and optimal air quality. The 255 mm spiral rotor provides a large extraction to the canister filter (up to six times the surface area of a filter bag) to extract wood chips and dust from table saws, band saws, planers or sanders - 1350 m³/h with a 100 mm outlet. With the optional dual 100 mm outlet fitting with cover, you can connect the collector to 1 or 2 machines.

The AF-950WM has a silent 1 HP induction motor with alu fan cooling.

SKU: AF-0950WM

GALERIJAFBEELDINGEN

The Dusty AF-950WM wall-mounted dust collector is perfect for small shops that have limited floor space. Mounting this powerful dust collector on a wall near your most used machines is ideal: that way, it is always connected and you can operate it at all times while you work. The canister filter with residual bag filters all dust down to a size of 1 micron, so you maintain a clean workplace and optimal air quality. The 255 mm spiral rotor provides a large extraction to the canister filter (up to six times the surface area of a filter bag) to extract wood chips and dust from table saws, band saws, planers or sanders - 1350 m³/h with a 100 mm outlet. With the optional dual 100 mm outlet fitting with cover, you can connect the collector to 1 or 2 machines.

The AF-950WM has a silent 1 HP induction motor with alu fan cooling.

The polyester spunbond canister filter has an internal valve for cleaning the air filtering fabric. Just turn the

units side handle to activate the cleaner! All the wood collection debris falls into the bottom clear plastic bag, which is easy to dispose.

The dust collector includes a wall mounting bracket, a pleated canister filter with cleaning handle, a disposable plastic dust bag, a strap clamp, a 100 mm outlet cap, an on/off safety switch and an instruction manual.

PRODUCT INFORMATION

- Silent 1 HP induction motor
 - 255 mm spiral impeller
- Easy to mount against the wall with the included bracket
 - 1 micron canister filter
- Residual bag easy to replace
 - Solid construction
