

BANDSAW BLADE TEMPERED STEEL 4590MM (4 TPI) WIDTH 20MM - FOR TT600

€45,45 (excl. VAT)

Saw ribbon with length 4590mm for use on the TT600 band saw machine from Tendotools. This saw blade has 4 TPI (teeth per inch) and has a width of 20mm. This bandsaw blade in tempered steel "Flexback" is very suitable for multipurpose sawing. Use this saw ribbon for both wood and plastics. The teeth of the saw blade were given an additional heat treatment for increased hardness. This keeps the band very supple and increases your cutting comfort thanks to the hardness of the teeth.
