### GALERIJAFBEELDINGEN

This self-clamping transport trolley is the solution for easy transport of doors, frames, panels, etc. for the building trade and on the shop floor and has a load capacity of up to 200 kg. When the material is placed in the Easy Roller, it automatically clamps the material itself due to its hinging effect. What was previously carried with two people, can now be done alone with the help of the Easy Roller, which prevents excessive physical strain on the body. The Easy Roller has a sturdy protective layer to prevent damage to the material to be transported.

### PRODUCT INFORMATION

- Maximum thickness 120mm

- Load capacity 200 kg
- Protective layer on the inside
- Clamps easily due to the hinged effect
