

BOX SET: FURNITURE MILLING

€243,80 (excl. VAT)

This box set gives you an all-in-one solution for making interior cabinets and doors on combi or milling machines. The set consists of a cutter head height 40mm (art.3FR30784030), including four handy profile knives. You will find both a glue cutter and profile/contraprofile knife for making solid connections as well as a V-groove cutter and panel raising profile for the beautiful finishing of your projects. Also in this set is an adjustable grooving cutter (art.3FR3937120300510), including a set of adjusting rings. This grooving cutter with diameter 120mm is adjustable in height between 5mm and 9.5mm, perfect for milling grooves with, among other things, pin and groove joints. Finally, it contains an adaptor for routers. Thanks to this handy piece, which fits exactly on your machine, you can also use your router bits on combi or milling machines.
