GALERIJAFBEELDINGEN

The Constructor TT350 is a unique and compact building site saw. This heavy-duty, rugged sawing machine is ideally suited for all sawing tasks on a construction site. It has a height control that is driven by a 2-belt induction motor (230 V - 3.5 HP or 400 V - 4 HP) to protect the motor from overload. The machine has a 350 mm diameter saw blade with a 30 mm bore, a 900 x 600 mm work table and a 500 x 460 mm extension table. The extension table can be folded down if needed. The cutting height can be quickly adjusted from 0 to 120 mm. The saw is further equipped with a high longitudinal guide, a miter guide, a hand guard and a safety cover. The handles make it easier to move and store.

The Constructor TT350 is delivered fully assembled (only the legs need to be attached).

PRODUCT INFORMATION

- Powerful 230 V - 3.5 HP or 400 V - 4 HP induction motor
 - Saw blade with diameter 350 mm and bore 30 mm
- No assembly needed, only the feet need to be attached
 - Fold-down extension table
 - Fast height adjustment
- Cutting height can be adjusted from 0 to 120 mm
 - Dual belt drive
 - High longitudinal guide

- Miter guide and hand protection
 - Safety cover
- Handles facilitate moving and storage
