

## CURVED PLANER CE96H

**€431,58 (excl. VAT)**

Professional planer from Virutex to plan concave or convex surfaces. You can also adjust the machine horizontally in order to carry out more classic planing work. Ideal for use on boats/shipyards, in carpentry or in all other applications where a round surface needs to be planed. Thanks to the light weight of this planer, it is very pleasant to use, both in the workshop and outside. Standard delivery with a set of reversible blades in high quality carbide (widia), vertical guide and connector for dust extraction. Would you like a more rustic finish to your work piece? Optionally, a set of blades for Adze texture finish is available. Finally, the machine settings provide you with a range of final results and finishes.

Supplied as standard in a handy PVC case.
