

DOORS AND KITCHEN CABINET SET

€628,09 - €681,81 (excl. VAT)

This set consists of two cutter heads and an adjustable groover. All the cutters are equipped with tungsten carbide knives (HW). Thanks to the different cutters, this set allows you to easily make pen and groove connections with different finishes. This set offers everything you need to make both furniture doors (thickness 22mm) and interior doors (thickness 37-48mm). Profile A is installed on the cutter heads as standard. Profiles B, C, D and E are available on request. Thanks to the tungsten carbide blades, this grooving cutter cuts effortlessly through solid boards or solid woods. Also suitable for MDF.

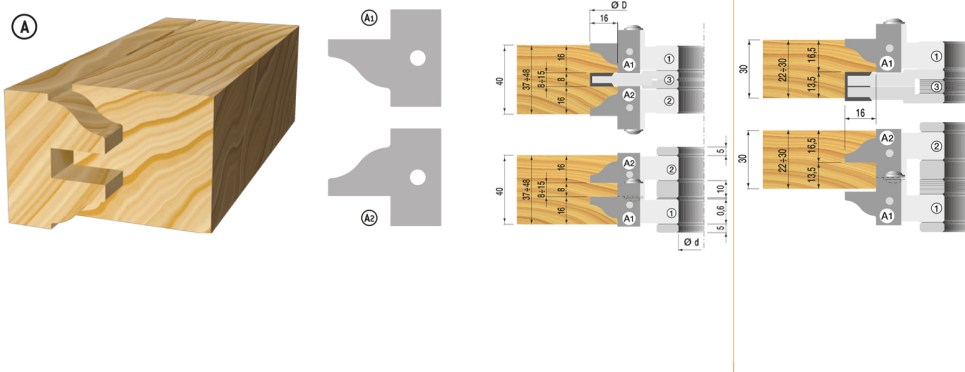

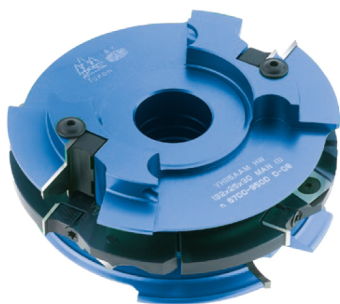

Available in bore 30mm (Ø132mm) and 50mm (Ø147mm)

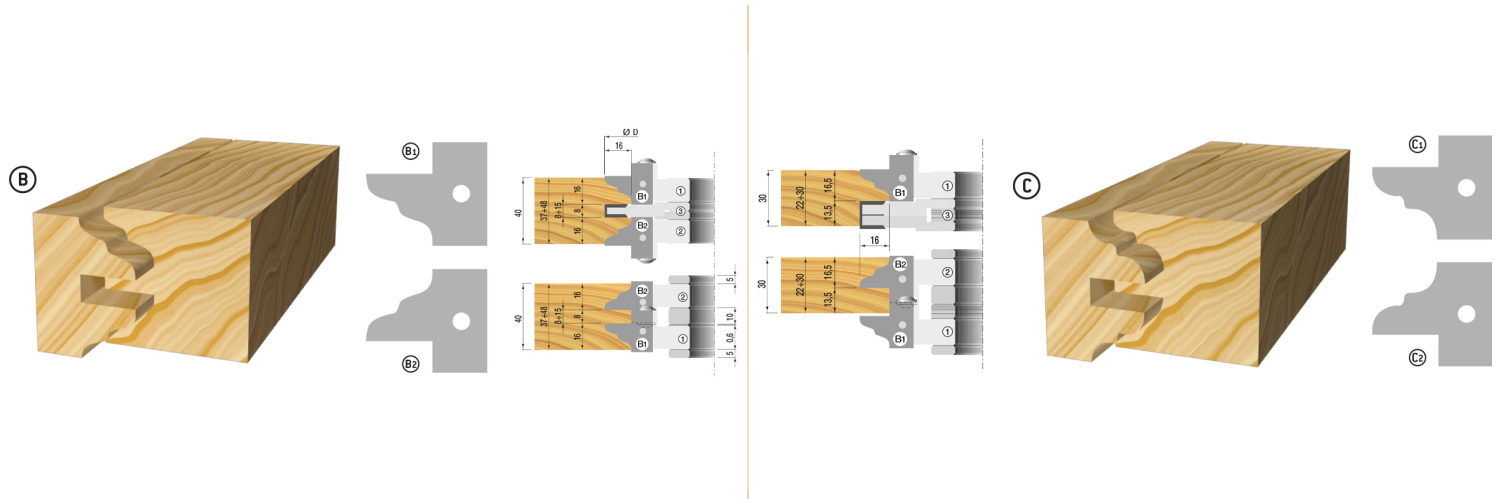

SKU: N/A
