### PRODUCT INFORMATION

- DuroCombi combines sanding flaps with nylon non-woven grit for excellent results
  - Thanks to a constant grain, the DuroCombi ensures an even sanding pattern
  - It is suitable for matting, satinizing and removing scratches on metal surfaces.
    - Removal of staining after welding stainless steel
      - Light deburring
      - Removal of light oxidation
- In addition, it is also effective in removing old coats of paint and smoothing wood materials.
- The abrasive has a maximum speed of 5,600 /min, but the recommended speed is 2,900 /min.
  - Applicable both wet and dry
