

DUROTEC SMALL NYLON BRUSH DURO-NYL K60

€45,45 (excl. VAT)

The narrow nylon brush Duro-Nyl is the ideal solution for hard-to-reach areas. This brush is made in grit 60.

These brushes should always be used in combination with the [spacer ring Duro-Spacer](#). This is an aluminium spacer ring to fit the unique narrow brush on your Durotec structuring machine.

SKU: DUR-310101

GALERIJAFBEELDINGEN

DURONYL nylon brush for texturing wooden surfaces. The characteristic wood structure is brought to the fore by working with the brush. The brushes mainly remove the softer wood of the more recent annual rings and leave the harder wood of the older annual rings intact. Brushed wooden surfaces are used, among other things, in the manufacture of rustic furniture, the furnishing of rustic cafés and restaurants (wall and ceiling coverings) or for beams.

PRODUCT INFORMATION
