

ELECTRIC HAND PLANER CE120P

€420,43 (excl. VAT)

This Virutex electric hand scraper is specifically designed to be very ergonomic and is suitable for both right and left-handed people. This planer is comfortable to use and well-balanced, guaranteeing comfort and precision at all times. The unit is equipped with a base plate of 316mm length. Just like the Virutex GR120P long hand planer, this machine has a number of electronic features for increased safety and comfort while working.

Standard delivery with reversible blade in high quality carbide (widia) & connector for dust extraction. Several accessories optionally available including: a handy PVC case, a guide to work even more precisely, a base to allow the CE120P to be used stationary as well.

SKU: VIR-CE120P

GALERIJAFBEELDINGEN

This Virutex electric hand scraper is specifically designed to be very ergonomic and is suitable for both right and left-handed people. This planer is comfortable to use and well-balanced, guaranteeing comfort and precision at all times. The unit is equipped with a base plate of 316mm length. Just like the Virutex GR120P long hand planer, this machine has a number of electronic features for increased safety and comfort while working. Standard delivery with reversible blade in high quality carbide (widia) & connector for dust extraction. Several accessories optionally available including: a handy PVC case, a guide to work even more precisely, a base to allow the CE120P to be used stationary as well.

The rabbeting depth can be easily adjusted up to 25mm using a lateral adjustment foot. With a single push of a button, you can change the side along which the machine ejects the shavings. Both sides of the machine are equipped with an exhaust for dust extraction. At the front, the machine has a rest shoe to avoid the blades coming into contact with the workpiece when machine is parked, this avoiding damage to surfaces. The CE120P is the only planer, along with the model GR120P, that permits lateral planning of overlaps of up to 1 mm and a maximum rabbeting height of 25 mm.

PRODUCT INFORMATION

- Hand planer
- For both right- and left-handed people
 - Reversible ejection of shavings
 - Exhaust on both sides
- Vertical planing of up to 1mm & height 25mm
