

FILTER CARTRIDGE 510A-AF 1MM FOR AIR FLUX 3000AF - 6000AF DUST EXTRACTOR

€256,19 (excl. VAT)

Using this easy upgrade you are able to elavate the filtration of your Air Flux Dust Extractor up to 30 times, significantly improving the air quality in your workshop. The high quality folded filter catches dust and finer particles down to 1µm, compared to 30µm for the standard filter and 5µm for the fibre filter bag. This filter is self-cleaning thanks to the convenient lever on top of the cartridge. Simply turn the lever to remove all dust piled up in the folds of the filter, the dust will fall down in the PVC waste bags below.
