

GRÖBE GLUTTON TT70DCP GASOLINE - SHREDDER + MULCHER

€1 .157,02 (excl. VAT)

Very powerful shredder and mulcher, equipped with a 6.5 HP petrol engine (Loncin) and belt drive. The Glutton 70DCP effortlessly shreds all your garden waste: branches, twigs, trimmings, bark and leaves into fine mulch. Suitable for all organic material with a maximum diameter of 70mm. With the help of the heavy impact chisels and 8 double cutting hammers, it can also effortlessly handle larger branches. The Gröbe Glutton has an additional advantage over classic shredders. This machine has only one inlet that will handle all garden waste up to the maximum diameter just as easily. So you no longer need to sort your garden waste in advance. Easily movable and suitable for all terrains.
