

GRÖBE HERCULA TT80-CL GASOLINE - SHREDDER + MULCHER

€1 .900,83 (excl. VAT)

Very powerful shredder and mulcher, equipped with a 9.5 HP petrol engine (Loncin) and industrial drive with toothed belts. The Hercula 80-CL effortlessly shreds all your prunings and other garden waste: branches, twigs, trimmings, bark and leaves into fine mulch. The shredding cage consists of 36 hardened cutting knives which process the prunings into shreds. Suitable for all organic material with a maximum diameter of 80mm. For thicker branches, a lateral feed hopper is provided, which first cuts the branch into slices and then shreds it along the shredding cage. Easily movable and suitable for all terrains. Equipped with two sturdy handles.
