

GRÖBE SPLITTER TT500/8T-ES 230V - 8 TONS

€909,09 (excl. VAT)

Standing wood cleaver for two-hand operation. This compact, powerful wood splitter is perfectly suited for semi-professional or home use with a power of 8 tons. With the help of this machine you can easily split logs up to 500mm in length and 350mm in diameter. The induction motor on 230V delivers a power of 4.5 HP. The Splitter TT500/8T-ES is fully compliant with CEN safety standards for this type of machines. Includes zero voltage protection on the switch for improved safety in the event of voltage loss. Thanks to its compact design, this cleaver is easy to store or move.

Equipped with sturdy wheels with steel rims. In combination with the impact-resistant rubber tyres, this splitting machine distinguishes itself from the competition. Easy to move on different surfaces. Experience the necessary comfort when moving the machine outside in the garden or on difficult surfaces.

SKU: GRO-12020

GALERIJAFBEELDINGEN

Standing wood cleaver for two-hand operation. This compact, powerful log splitter is perfect for semi-professional or home use. With the help of this splitting machine you can easily split wood pieces up to 500mm in length and 350mm in diameter. The induction motor on 230V delivers a power of 4.5 HP.
