

HANDRAIL-TABLE EDGE BIT R43 (Z=2) SHANK 12MM - Ø69MM

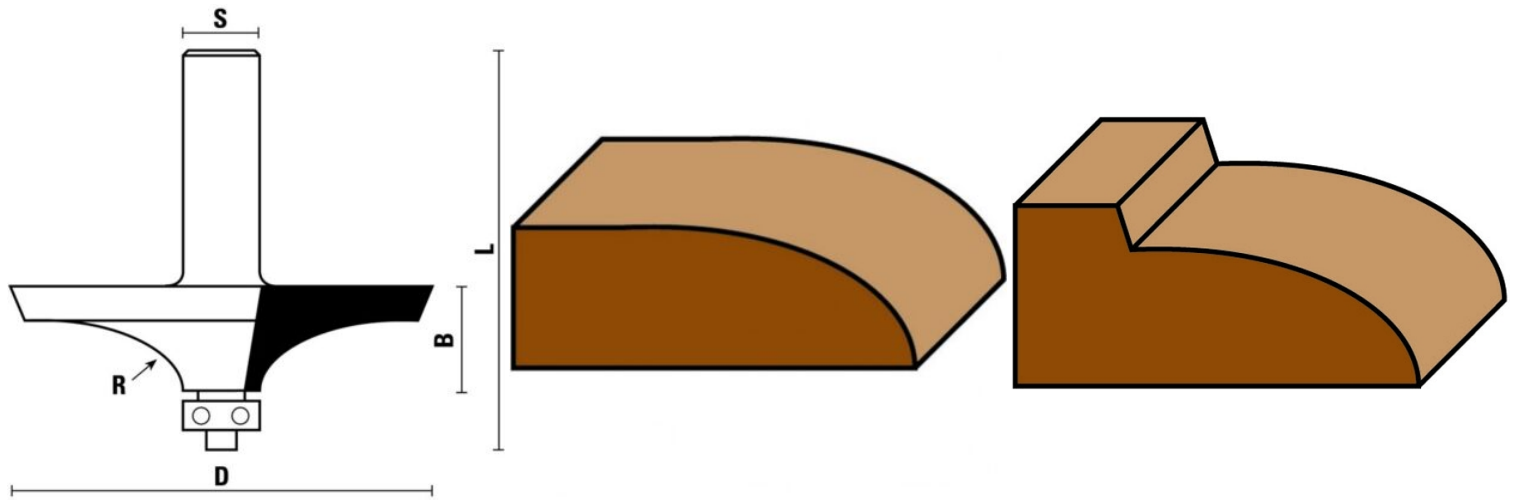

€104,00 (excl. VAT)

These cutters are ideal for making the upper part of the handrail. By using them in combination with the Sistemi Klein router bits E170 and E171 you can create beautiful combinations for the handrail of your staircase, sill or balcony. The router bit has a large diameter but, thanks to a perfect balance, will always work smoothly without vibration problems.

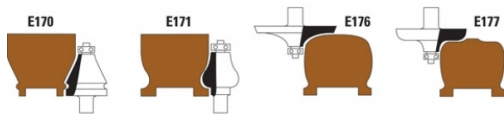

Equipped with a ball bearing for easier work. Thanks to the cutting edges in high quality carbide metal, you can use this bit effortlessly on most types of wood.
