

### HARVEY FALCON SERIES HW303E - 230V

**€2 .851,23 (excl. VAT)**

The Harvey Falcon series are high performance spindle moulders, specifically designed for industrial milling applications. Designed with both functionality and comfort in mind, this machine has every possible function for a spindle moulder in this class. Equipped with an extra heavy-duty chassis, a solid aluminium protective cover with safety guides and fine adjustment. The powerful 230V motor delivers 3HP and ensures that this table can handle almost any milling task. The Harvey Falcon HW303 has a spindle of 30mm. With the optionally available adapter and collets, the machine can also be used for profiling with router bits. The large cast iron table guarantees the necessary stability during work. Can be used at four speeds, with centralised control panel above the machine.

**SKU:** HAR-HW303E

## PRODUCT INFORMATION

- spindle moulder 30mm
  - Four speeds
  - Universal milling
- Central control panel
- Cast iron work table
  - Robust design
- Heavy duty chassis

- Option: adapter for router bits (profiling)
