

KREG HEAVY DUTY SCREWS 64 MM COARSE THREAD

€7,99 - €29,99 (excl. VAT)

The Kreg HD screws are intended for use with the Kreg HD Jig and with material of 38 mm or thicker. These 64 mm long screws made of hardened steel have incredible tear strength. Thanks to the Protec-Kote finish with three anti-corrosion layers, they have a long-lasting anti-fungal effect. To be screwed in with a square screwdriver bit size 3.

Available in packs of 30 or 125.

SKU: KRE-C2X250
