

KREG MAGNETIC STUD FINDER

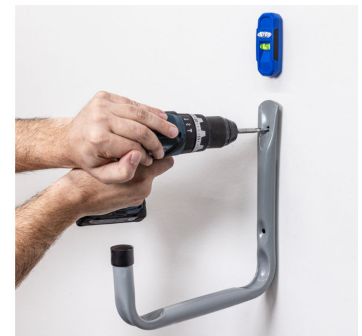

€11,99 (excl. VAT)

The quick, easy way to find studs. With a simple and intuitive design, the Kreg Magnetic Stud Finder is a convenient way to hit the target every time. With strong rare earth magnets, the Magnetic Stud Finder offers reliable indication of wood and metal beams. A clearly visible bubble level and precision marking slot make it easy to anchor cabinets, shelves and more. And because the Magnetic Stud Finder requires no batteries and hangs hands-free on the wall, you can work confidently and quickly without worrying about inaccurate results or having to work with only one hand.
