

KREG POCKET-HOLE JIG HD (HEAVY DUTY)

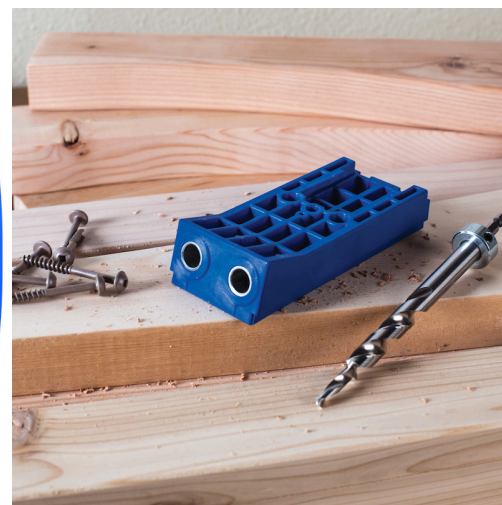

€69,99 (excl. VAT)

Larger pocket hole screws for larger projects. For the heavier work you can count on the powerful and reliable Kreg Jig® HD! This jig is ideal for lumber 2x4 and larger. With the Kreg Jig® HD you can make joints with material 38 mm and thicker, which are as much as 50% stronger than traditional Kreg Joints™. You can clamp the HD to the workpiece using a Kreg® wood clamp or quick release clamp. Or you can use it in your Kreg® Pocket-Hole Jig K5, K4 or K3 instead of the standard drill guide block.

SKU: KRE-KJHD
