

## KREG POCKET-HOLE RIGHT ANGLE CLAMP

**€48,99 (excl. VAT)**

This right angle clamp makes projects with 90° joints faster and easier than ever by giving you the helping hand you need to hold parts together while screwing them.

Place the pin of the clamp in the pocket hole and close the clamp, thus clamping the parts closely together. The rotating arm opposite the pin holds the joint firmly together.

Thanks to Automaxx Auto-Adjust Technology, this clamp automatically adjusts to any thickness of material with a simple squeeze of the handle. This handy clamp works with all kinds of materials, from thin 1/2" plywood to thick 2x4 boards.

**SKU:** KRE-KHCRA-INT
