

KREG STAINLESS STEEL SCREWS 32 MM, FINE THREAD FOR HARDWOOD

€26,99 (excl. VAT)

Kreg square-head screws made of stainless steel. The screw has a length of 32 mm (1 1/4") and a fine thread, which makes it ideally suited for hardwood. Our stainless steel screws are specially designed for damp environments, exposure to water and other corrosive environments, such as pressure-treated lumber.

This screw is available in packs of 100.

SKU: KRE-SMLF125S5-100
