

KREG STAINLESS STEEL SCREWS 64 MM, COARSE THREAD FOR SOFTWOOD

€45,91 - €149,99 (excl. VAT)

Kreg square-head screws made of stainless steel. The screw has a length of 64 mm (2 1/2") and a coarse thread, which makes it ideally suited for softwood. Our stainless steel screws are specially designed for damp environments, exposure to water and other corrosive environments, such as pressure-treated lumber.

This screw is available in packs of 50 or 250 pieces.
