Pressing systems and mitre guide optional.

**SKU: 0SPCF040AL**

## GALERIJAFBEELDINGEN

**Optie / Option**  
**1-MS-KIT-F**

This table-top model has a large precision aluminum work table (685 x 460 mm) with textured ridges for optimal guiding of the workpiece. A U-groove is also provided, which allows for the use of a mitre guide and pressing systems. The milling cover is equipped with heavy-duty aluminum milling guides that are provided at the top for mounting a safety pressure system. The position of this guide is easily adjustable with large adjustment levers. An infinitely adjustable 1500 W motor guarantees that you can use all milling bits to their full potential. The table is supplied with 8, 10 and 12 mm collets and it has a 40 mm height adjustment with lock. The table is furthermore equipped with convenient insert rings according to the diameter of the cutter.

Pressing systems and mitre guide optional.
