MODEL	Motor 1	Motor 2	Clutch	Speed	Extraction	Table	Weight
Sander TT2515H	230V 2PK/CV	L=2515mm B=152mm	✓	16m/sec.	A=840x300mm B=250x250mm	100mm H=1325mm L=1350mm B=750mm	148Kg

The TT2515H has a 2515 x 152 mm sanding belt and a contour table for circular sanding, and it is equipped with a 100 mm extraction outlet. The belt can be tilted (90° - 135° to 180°). The cast iron worktable can be turned to the correct height single-handedly by means of a wheel. A sturdy work table and contour table provide the support.

The sanding belt is equipped with an oscillator: the belt constantly moves up and down, which prevents streaks on the wood. The sanding belt is available in grit 60, 80, 100 en 150.

The height of the work table can be adjusted between 0 and 80 mm. The machine also has a convenient storage cabinet.
