

OUTLET | AIR FLUX DUSTY AF-950 DUST EXTRACTOR - 230V 1HP

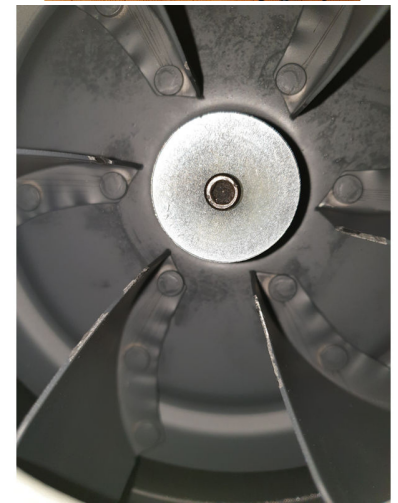

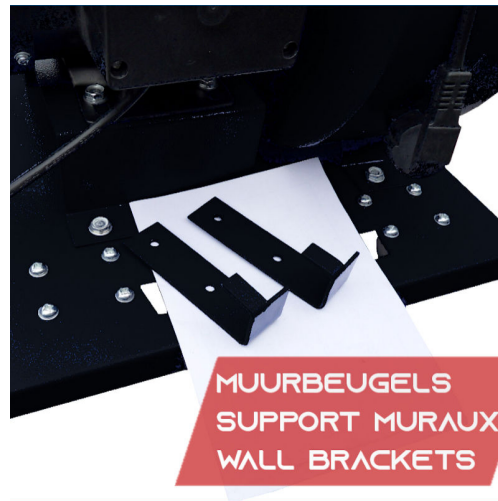

~~€243,80~~ **€161,16** (excl. VAT)

SHOWROOM MODEL - UNUSED

This dust extractor is equipped with the same collector and induction motor as the popular model Airflux Dusty AF-1020. Thanks to the compact and mobile base on wheels, and the robust handle, this machine is also portable. The Airflux Dusty 950AF dust extractor is therefore very popular in small workshops and can even be hung on the wall using brackets. Convenient position holes are provided in the base of the machine specifically for this purpose. The extractor is equipped with a steel propeller and an induction motor that has 30% more capacity and is 40% quieter than a carbon brush motor.
