

OUTLET | SPARKY DRILL AND CHISEL HAMMER SDS-MAX, 1200W, INCLUDING COFFER

~~€495,00~~ **€320,00 (excl. VAT)**

This rotary hammer is designed for real, heavy-duty work. Chiselling and drilling into concrete are no problem for this strong machine. This drill is equipped with an electro-pneumatic function, which moves the drill forward in the material. This hammer function is stronger than in an ordinary drill. Equipped with an SDS quick-action chuck. Furthermore, the machine was equipped with an ergonomic handle with soft grip (both housing and handle are vibration-damping), magnesium gearbox, safety clutch and trigger speed control. The housing consists of one part (monoblock). The number of strokes per minute is 2800. Drilling into concrete up to 40 mm. Torque of 130 Nm. Overloading of the unit is indicated by means of an LED.

SKU: S-BP400E
