## GALERIJAFBEELDINGEN

The Timber Boy TT315 is a powerful table saw with a powerful 4 hp induction motor. It is equipped with a miter guide with eccentric clamping and a galvanized work table and comes standard with an extension table (also galvanized), handles and wheels, making it ideally suited for prolonged outdoor use. The tungsten carbide saw blade has a diameter of 315 mm and a bore of 30 mm and can be tilted 45° with the convenient controls.

The legs of the base can be folded in in no time, so the machine can be easily transported in a passenger car.
