

PIHER - MULTICLAMP WITH PRESSED EYE

€15,33 (excl. VAT)

The Multiclamp is designed for use with the PIHER Multiprops telescopic supports, but can of course also be used separately.

Within a few seconds the Multiclamps are screwed onto the telescopic supports and immediately loadable up to 150kg. Made entirely of nylon fiberglass. Steel screw, shaft and reinforcements. Equipped with anti-slip pads. They have different screw holes so you can mount them on any surface.

Pressed eye super convenient to attach something.

SKU: PIH-34046

GALERIJAFBEELDINGEN

The Multiclamp is designed for use with the PIHER Multiprops telescopic supports, but can of course also be used separately.

Within a few seconds the Multiclamps are screwed onto the telescopic supports and immediately loadable up to 150kg.
