GALERIJAFBEELDINGEN

This unique Quick Pal Aluminium quick-release clamp is lightweight and works 5 times faster than traditional

glue clamps.

The use of aluminum jaws and carbon steel shaft makes this a good alternative to the more expensive all-steel quick-release clamps.

The jaws are provided with PVC caps for extra grip and to protect the material to be clamped.
250Kg clamping force, available in 15cm and 30cm clamping range.

PRODUCT INFORMATION

- Aluminium jaws
- Hardened carbon steel bar
 - 250kg clamping force
- Just one click to release
 - Steel ratchet system
- Protective caps on both jaws
