

## PIHER - TCP CLAMP FOR WELDING TABLE | SET 22MM

~~€305,11~~ Original price was:  
**€305,11. €268,00** Current price is: **€268,00.**  
(excl. VAT)

This composite set from PIHER includes three welding table clamps, a 90° support, pipe clamping accessory and a FREE welding magnet.

The set is for use on tables with 16mm or 22mm holes by using the supplied clamping bushes.

Designed with versatility to solve any clamping need on a welding table. Adaptable to any standard diameter. They feature an ergonomic PIHER handle with 3D joint position. Inside is a piston system with protected double fine screw thread. Horizontal and vertical clamping with a force of up to 350 kg. Adjustable up to 360 °. At the bottom there is a mobile stop that allows the shaft to be completely hidden under the table. The pressure surface has a mounting hole of M6 for mounting accessories.
