

PIHER - VISE WITH SQUARE JAWS (WITH TOOTHED LOWER JAW)

€163,99 - €376,38 (excl. VAT)

These heavy duty square-jawed vises are made from C-40 forged steel and are therefore super strong. They have adjustable square jaws that can be replaced, feature an anvil base and come standard with magnetic aluminum pressure plates. You can easily mount the vises through the provided holes. You can also mount them in an optional rotatable base. These models also have a serrated lower jaw for easy clamping of pipes and round objects. Available in three sizes. A real must for the serious workshop!
