PLANER THICKNESSER DOUBLE TT204

€330,57 (excl. VAT)

Handy planer thicknesser that is easy to transport due to its compact design and light weight. With a width of 204 mm and a powerful motor, this machine easily meets all the needs of every hobbyist. The TT204 is equipped with aluminium work tables and a sturdy aluminium guide that tilts up to 45°. In addition, the sturdy powder-coated steel housing ensures the necessary stability during work. Equipped with a professional shaft with two planing knives. Using these planing bits, you have a maximum working width of 204 mm. Because of its light weight, you can easily place it on any table. Frame with table available as an option.
