

PORTABLE WORKSTATION IN BEECH L=620MM

€170,66 - €188,01 (excl. VAT)

A small, compact version of the Pinie wooden workbenches, equipped with all the essentials. The workbench can easily be mounted on any table using a clamp. This Pinie Workstation is an indispensable accessory for any handyman or craftsman who has insufficient space for a classic workbench. The worktable is made entirely in beech and has a thickness of 80mm. The package of this workbench includes a pair of bench dogs (Ø19mm) in full steel. By default, this workbench will also be oiled. It is recommended that this be repeated every two years.

The workbench is fitted with a cast iron vice with wooden handle or with a removable handle. Choose the right option for your project or application.
