

## PROFESSIONAL PANEL RAISING CUTTER HEAD (Z=2) - Ø180MM

**€285,12 - €297,52 (excl. VAT)**

Cutter head in light metal with reversible blades in high quality carbide (HW) to create beautiful profiles on your furniture or door panels. The maximum length of this panel raising profile is 54mm. The cutter head comes in a sturdy plastic case, with key to easily replace the knives. To get even more out of your cutter head, a total of six profile knives are available. Profile knife A is mounted on the cutter head as standard. The other knives, type B, C, D and E are available separately. Thanks to the tungsten carbide blades, this profile cutter cuts effortlessly through solid boards or solid wood. Also suitable for use on MDF.

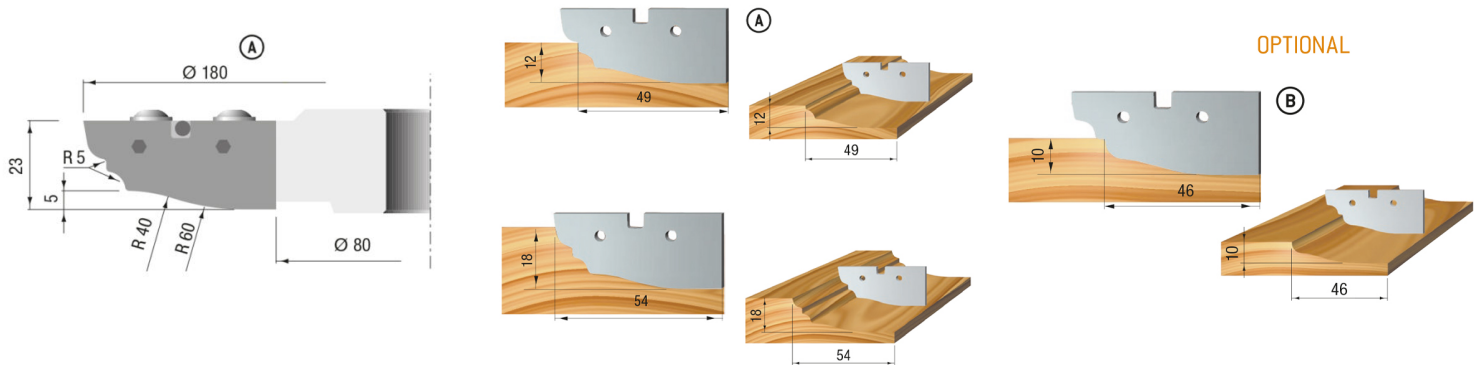

Available with bore 30mm or 50mm.
