

ROTARY ORBITAL SANDER RT188N

€520,17 (excl. VAT)

Powerful rotary orbital sander for high quality sanding and polishing on both wood and metal. This machine combines a double movement, the sanding pad moves both orbital and rotary orbital. Thanks to the double movement during sanding, you always get a smooth surface without scratching your workpiece. Thanks to a 900W motor, this model is the most powerful sander if its type on the market. The handle at the front of the machine can be placed to the left or right of the machine. This allows both left and right-handers to work comfortably with this sander.

As standard, this sander is fitted with an integrated dust extractor and dust bag. Including soft PU sanding pad (Ø150mm) with velcro.

SKU: VIR-RT188N

GALERIJAFBEELDINGEN
