

## ROTARY ORBITAL RTE46L / RTE146L

**€276,23 (excl. VAT)**

Lightweight and powerful rotary orbital sander for high-quality sanding and polishing. This machine combines a double movement, the sanding pad moves both orbital and rotary orbital. Thanks to the double movement during sanding, you always get a smooth surface without scratching your workpiece. Available with different orbit diameters of 4mm (for fine sanding) or 7mm (for medium to fine sanding).

Equipped with an integrated dust extractor and dust bag. With electronic speed control and brake system for the sanding pad. Standard delivered with a sanding pad with velcro.

**SKU: N/A**

	VIR-RTE146L		4mm	€276,23 (excl. VAT)

## GALERIJAFBEELDINGEN

Lightweight and powerful rotary orbital sander for high-quality sanding and polishing. This machine combines a double movement, the sanding pad moves both orbital and rotary orbital. Thanks to the double movement during sanding, you always get a smooth surface without scratching your workpiece. The ergonomic design ensures a perfect grip and comfortable working. All the controls are easily accessible while working. The anti-vibration counterweights inside provide higher comfort than similar sanders.

Available with two different orbit diameters. Model RTE146L has a orbit diameter of 4mm for extra fine sanding. In addition, thanks to a orbit diameter of 7mm, the RTE46L model is suitable for medium to fine sanding. Equipped with an integrated dust extractor and dust bag. With electronic speed control and brake system for the sanding pad. Standard delivered with a sanding pad with velcro.

Finally, this orbital sander is equipped with a new and unique dust protection system. This is to prevent dust from damaging the vulnerable parts. As standard, this sander is fitted with an integrated dust extractor and dust bag. Thanks to this improved protection against dust and dust accumulation, both your machine and your sanding paper will last longer than a classic sander.

### PRODUCT INFORMATION

- Orbital sander
- Velcro sanding plate
- Orbit diameter 4mm or 7mm
- Improved protection against dust
  - Ergonomic design
  - Sanding diameter 150mm
  - High-quality end result

### DESCRIPTION
