GALERIJAFBEELDINGEN

Saw blade with 80 teeth

Saw blade with innovative alternate trap teeth (WZ/FA) and a 3° negative hook angle. This saw blade is well suited for cutting of thin plastics, acrylics (plexiglass), PVC or plywood. No noise.

Make sure to use the right amount of teeth to achieve optimal results of your project. A low number of teeth is suited for fast-paced and rough sawing. A high number of teeth calls for a lower operating speed but guarantees a clean cut.

PRODUCT INFORMATION

- Fine cut HW saw blade
- Innovative WZ/FA alternate trap teeth
- For acrylics (plexiglas) or other plastic materials
 - No noise
