

SET (12) SCROLL SAW BLADE MIX + SPIRAL SAW BLADE CARBON STEEL 130MM - WITHOUT PIN

€8,26 (excl. VAT)

Set with a total of 12 scroll saw blades. The set consists of four different types of scroll saw blade: with regular teeth, with SKIP teeth, with HOOK teeth and a spiral saw. All scroll saw blades are made in hardened steel "Flexback" and are extremely suitable for use on wood and plastics. The teeth of the saw blade were given an additional heat treatment for increased hardness. This keeps the band very supple and increases your cutting comfort thanks to the hardness of the teeth. Available per set of 12 saw ribbons. Extremely suitable for use on our scroll saws TT406E or TT456E.
