

SET ADAPTOR FOR ROUTER BITS - CONCENTRIC CHUCK M16 - Ø6-12MM

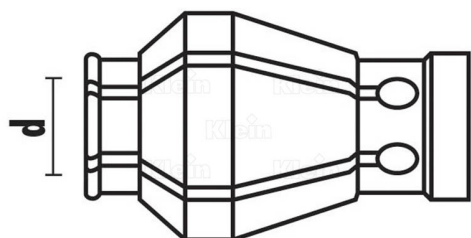

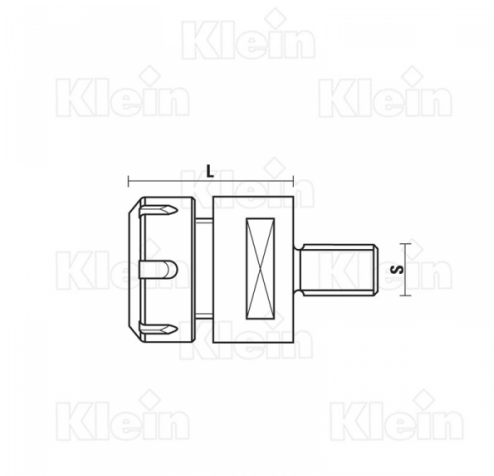

€131,00 (excl. VAT)

This set offers you a ready-to-use solution to mount router bits with shank Ø6mm, Ø8mm or Ø12mm on your spindle moulder machine. Thanks to the M16 shaft, the concentric chuck can be quickly and easily fitted to the spindle of your milling machine. Combine with one of the three spring collets to obtain the correct diameter to fit your router bit.

SKU: KL-X116500R
