

SLOT CUTTER SPECIAL FIXING SCREW (Z=3) BORE 7,94MM - Ø47,6MM

€24,60 - €25,50 (excl. VAT)

These slot cutters are suitable for a wide range of applications. Quickly and easily cut the right pin and groove connections for your project. The different cutting lengths of the cutters ensure that you always get the correct thickness of your pins or slots. Thanks to its cutting edges in high-quality carbide (widia), this cutter cuts through most types of wood without any problems.

This slot cutter was specifically developed to be used with the arbor C117280R. The fixing screw Z051015R used on this spindle has a special head angle that allows it to remain flat on the cutter level.

Available in different cutting lengths between 3mm and 6mm.

SKU: N/A
