

TABLE SAW COMPACTO TT1000 X8

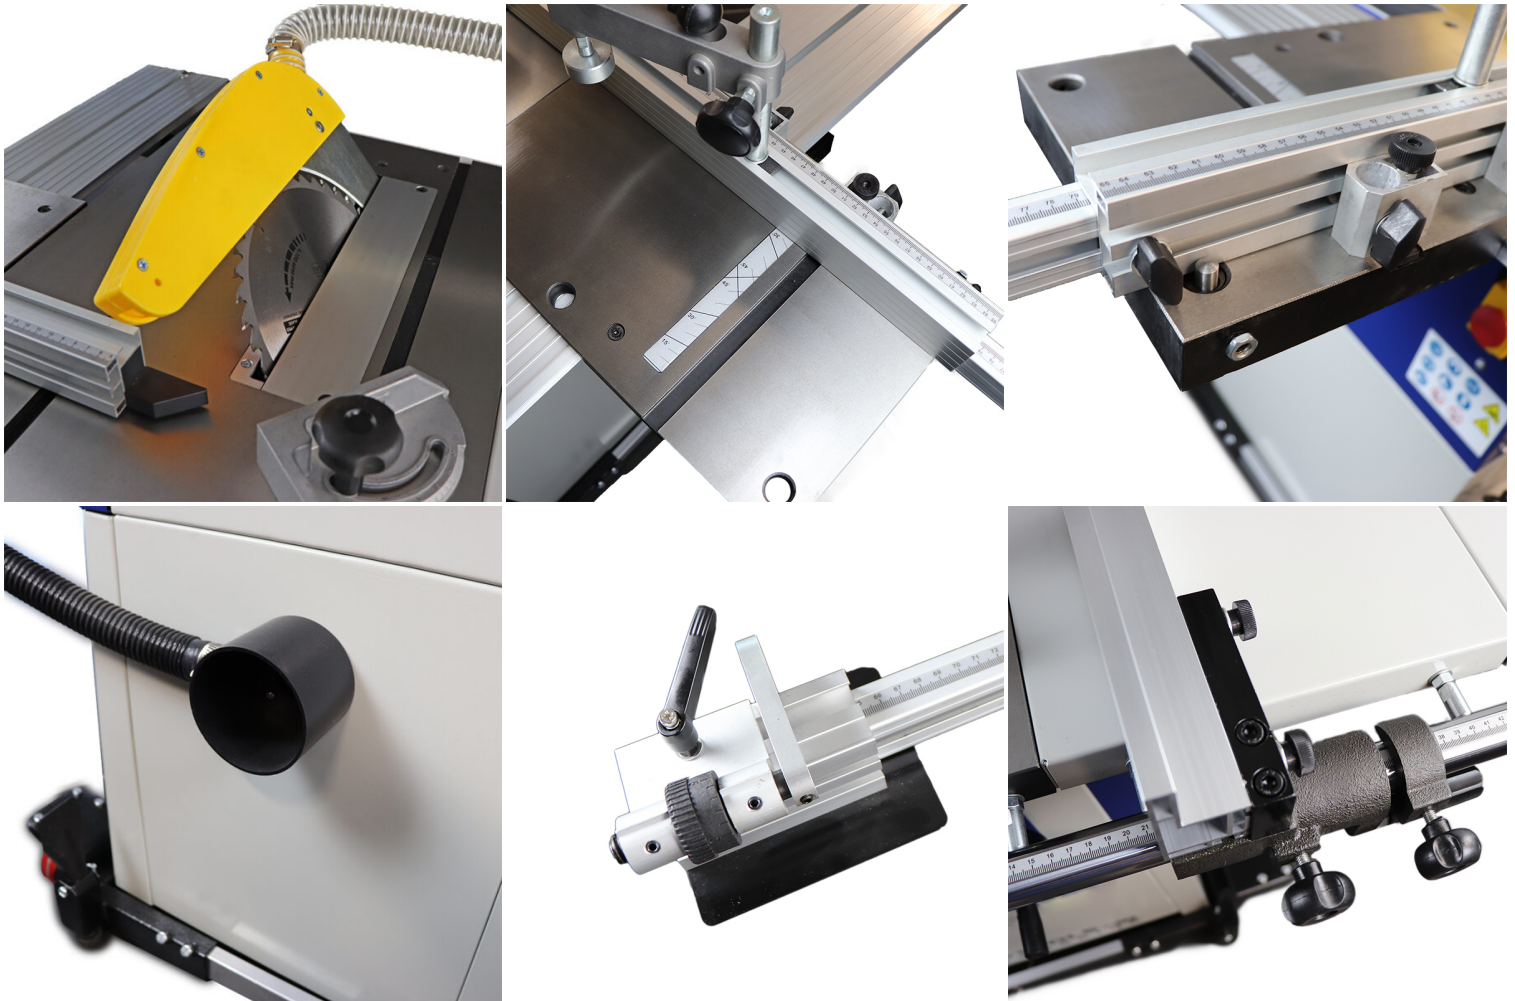

€1.115,70 €948,35 (excl. VAT)

Entry-level model within the range of table saws. This machine possesses several qualities of the larger models and combines them in a convenient, compact format. The machine is equipped with a solid cast-iron worktable, precise guides and a crosscut carriage on rubberised ball bearings. With left-hand tilting saw blade and a T-slot provided on each side of the saw blade. The Compacto TT1000 series consists of two models. The X8 model has a 200 mm diameter saw blade and a 1.5 HP motor, the X10 model has a 250 mm diameter saw blade and a 3 HP motor. In short, the ideal machine when you first start working with a table saw.

Wheel kit optionally available.
