

TRANSPORT HANDLE PC81U WITH CLAMP

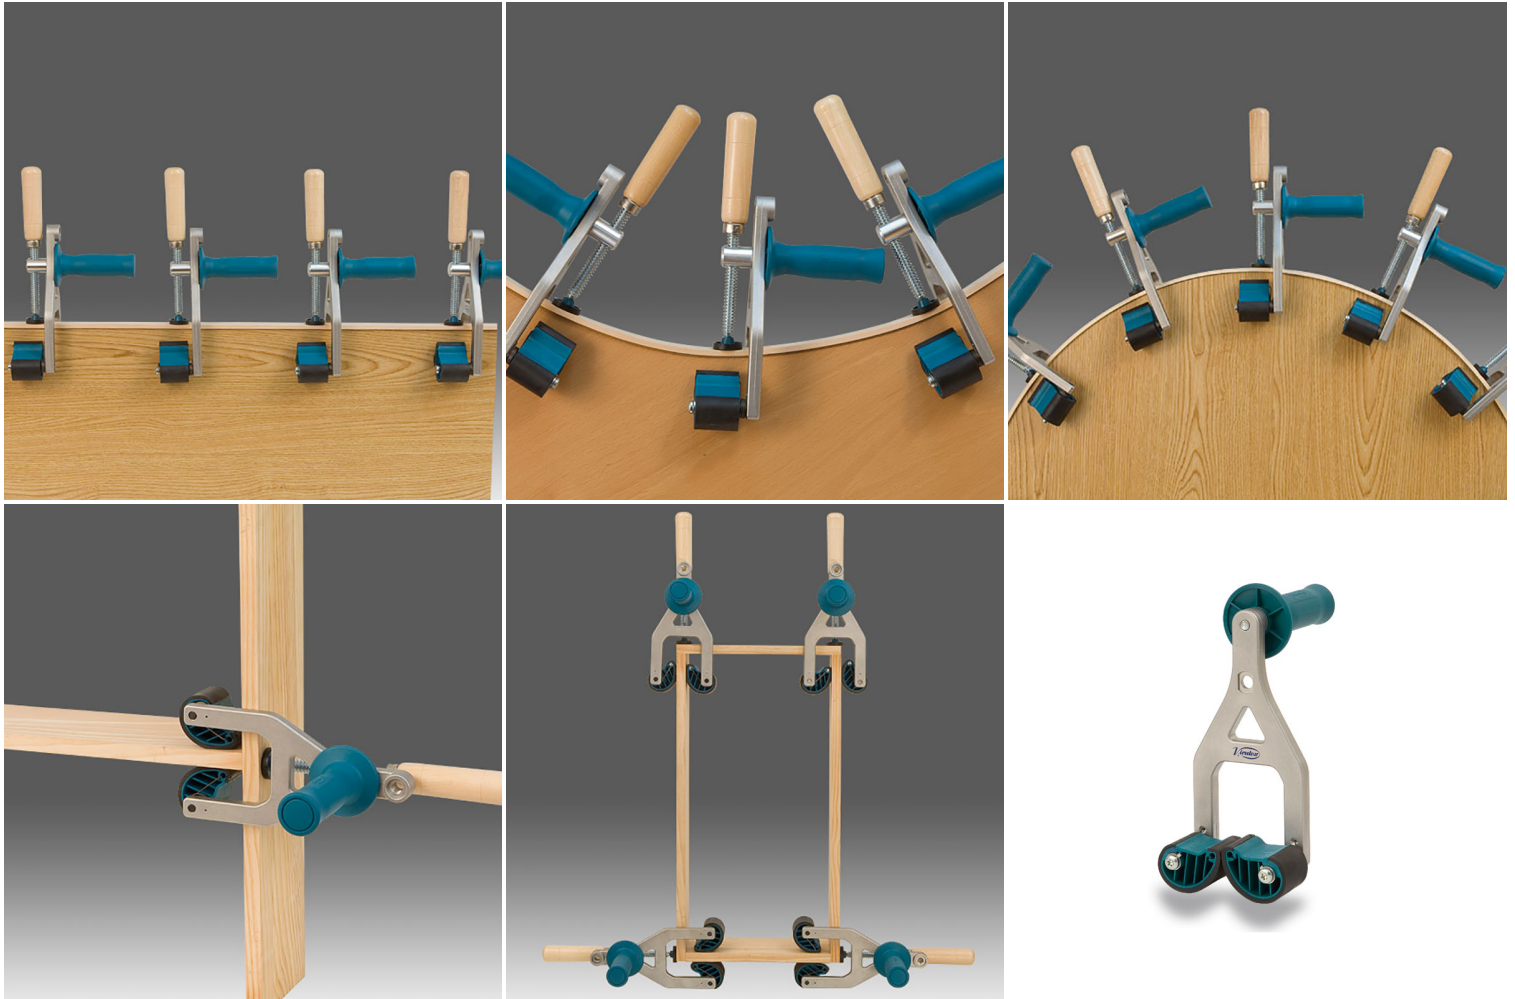

€83,38 (excl. VAT)

This transport handle is standard equipped with a clamp which makes this handle suitable for multiple functions. Can be used as an edge press, corner press or transport handle. Thanks to its aluminium design, this handle is very strong and robust. The maximum load is 70kg. As an edge press you can use the PC81U on straight panels as well as concave or convex panels. As a corner press, this handle becomes the ideal tool for making frames, for example. The clamp is detachable and by changing the position of the handle, the PC81U can easily be converted into a transport handle. Suitable for panels between 0mm and 46mm thick.

SKU: VIR-PC81U
