GALERIJAFBEELDINGEN

Trimming and sizing saw blade 'Xtra Cut' with FZ/TR triple chip trapezoidal teeth, suited for the cutting of hardwoods, double sided veneer and laminate board, MDF, hard paper and thermoplastic boards. To be used on table saws. These saw blades offer great finish and longer life. No-noise and less vibration thanks to a special synthetic resin filled in the slots to increase the stability and reduce vibrations.

Make sure to use the right amount of teeth to achieve optimal results of your project. A low number of teeth is suited for fast-paced and rough sawing. A high number of teeth calls for a lower operating speed but guarantees a clean cut. Available with different number of teeth.

PRODUCT INFORMATION

- Fine cut HW saw blade
- FZ/TR 'triple chip' teeth
- For hardwood, MDF and hard paper
- For double sided veneer and laminate board
 - Long life
- Better stability and finishing
 - Low noise
