

UNIVERSAL SAW BLADE Ø160MM - BORE 20MM

€49,90 - €58,30 (excl. VAT)

Universal saw blade with FZ/TR triple chip teeth suited for the cutting of hollow aluminium, aluminium panels, laminated materials, PVC, wood for construction with metal parts and solid surface materials such as Corian, Hi-Macs or Kerrock. Make sure to use the right amount of teeth to achieve optimal results of your project. A low number of teeth is suited for fast-paced and rough sawing. A high number of teeth calls for a lower operating speed but guarantees a clean cut. Available with different number of teeth.
