

VACUUM TABLE SFV50 WITH TWO SUCTION CUPS

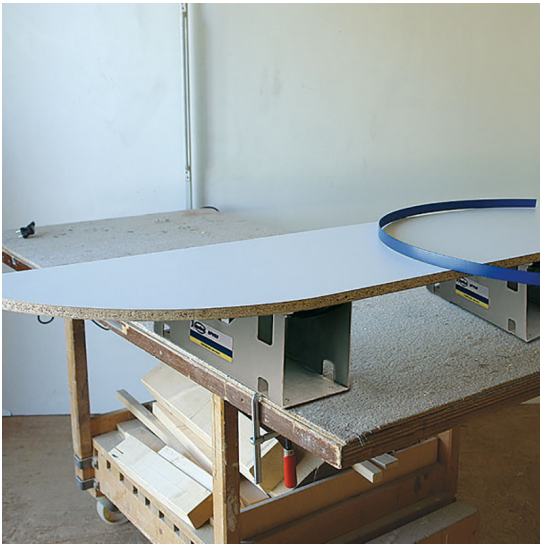

€158,61 (excl. VAT)

The vacuum table SFV50 is suitable for a solid and quick fixation of the panel. Using the suction cups, this support is ideal for all smooth, non-porous materials. Two clamps are included as standard to fix the support. The table is an efficient and user-friendly way to hold the panel and work comfortably at the edges. For larger workpieces it is recommended to use multiple supports. The support can be placed both horizontally and vertically. Also available with a single suction cup as SFV150.

SKU: VIR-SFV50
